Land rolling 1<sup>st</sup> rate. August 23. 1834

T. 26 N., R. 9 W. 2. Mea. Ind.

*General description.*

This Township is almost entirely Prairie with the exception of one small grove and part of another, called Sugar grove. The most part of the Prairie is high dry and rolling, through which passes a small stream called Sugar Creek, which has its source in the Township just East of it.

Vegetation is a grass that commonly grows upon the Prairie, with a large portion of the Rosin weed.

No other remarks worthy of note.

I hereby certify that in pursuance of a contract with M. S. Williams, Surveyor Genl. of the United States, for the States of Ohio and Indiana, and the Territory of Michigan, bearing date 26<sup>th</sup> day of May 1834, and in strict conformity to the Laws of the United States and the Instructions of said Surveyor General, I have surveyed and subdivided into Sections Township N. 26 North of Range N. 9 West in the State of Indiana.

And I further certify that the foregoing are the true and original Field Notes of said survey and subdivision executed as aforesaid.
